

## BIOGRAPHY

An 1883 graduate from Albany Medical College, Dr. McCabe received an honorable mention award for his thesis at commencement exercises. Following graduation he traveled to Boston, MA for six weeks for observation studies in clinics and attending lectures. Upon his return to his native town of Greenville, NY he entered practice with his father. He took part in many community and professional organizations, including serving as President of the Greenville Board of Education, supervisor of the town of Greenville, NY and member of the Medical Society of the State of New York.
